1. Introduction

These hockey rules and regulations will be used for all the hockey played under the jurisdiction of Eastern Gauteng Hockey Association (EGHA), unless otherwise specified for a specific reason as agreed upon the key President and the Executive Committee of EGHA. EGHA is committed to maintaining the highest standards of behavior and conduct. In pursuance of these standards all participants shall observe the following Rules and Directives and would be subject to the Association's disciplinary procedure should they found to be non-compliant.

2. Powers of the Field Hockey committee

- 2.1. The administration of the hockey will be conducted by the relevant Hockey Committee under the authority of the Executive Committee (EXCO) who may delegate its powers to the relevant hockey committee or Disciplinary Committee (DC) as it deems fit in order to settle any disputes and/or any manipulation or violation of the field hockey rules.
- 2.2. Wherever a term is used that is open to interpretation, the definition of the FIH and then SAHA shall provide guidance. In all cases the decision of the EXCO in ruling on the explanation and meaning thereof shall be final.
- 2.3. All teams submitting entries for any competition played under the auspices of the Association or any of its affiliates, by doing so, explicitly agree to abide by all the terms of these rules and regulations.

3. Composition of the field hockey

- 3.1. The following field hockey competitions shall be open to all affiliated clubs who are in good standing with the Association and shall consist of:
 - 3.1.1. Easterns Outdoor Field hockey (Men and Ladies)
 - 3.1.2. Easterns Indoor Field hockey (Men and Ladies)
 - 3.1.3. Any other competitions organised by the EXCO from time to time (Summer Field hockey or any Knockout competition).
- 3.2. Should more hockey be introduced in the future, at the conclusion of each season, after promotion and relegation has taken place, all teams shall be placed in order of strength as determined by their final log positions and divided into sections accordingly.
- 3.3. All new teams applying for entry shall start in the bottom field hockey unless otherwise decided by the EXCO.
- 3.4. The EXCO may decline to promote or accept a first team of a club if it does not have the appropriate infrastructure to support the club. Infrastructure includes, inter alia, administration, coaching, a development programme, qualified umpires, access to suitable facilities and good security.
- 3.5. A club, with a team winning a field hockey league, may not decline promotion unless the relegated team from the field hockey above is from the same club. If this option is exercised, which must be in writing, the EXCO may elect to retain the relegated team in the league above or promote the second-placed team from the league below. If promotion takes place within the same season, the promoted team shall continue to play with substantially the same players as it used to win promotion until the end of that season. The EXCO shall have the power to reverse the promotion at any time in the event of any breach and impose penalties that it deems appropriate to prevent the abuse of the spirit

of this clause.

- 3.6. In the event of any team gaining 90% of the total possible available points during the Season they shall be entitled to apply for promotion of more than one league. This may also apply to any club's first team in any league.
- 3.7. In the event of a tie in points in any competition affecting promotion or relegation:
 - 3.7.1. At the end of the field hockey competition if two or more teams have the same number of points for any position, these teams will be ranked according to their respective number of matches won.
 - 3.7.2. If there still remains equality between two or more teams, then these teams will be ranked according to their respective goal difference (which means "goals for" less "goals against").
 - 3.7.3. If there remains equality between two or more teams, then these teams will be ranked according to their respective number of "goals for".
 - 3.7.4. A positive goal difference always takes precedence over a negative one.

4. Match Regulations

- 4.1. Matches shall be played by eleven registered amateur players of each competing team. Each team shall be allowed a total of 16 (sixteen) players per match who may be substituted according to the rules of hockey.
- 4.2. Only team members and officials may enter the technical area. Teams are limited to having 5 (five) substitutes, a manager, coach and medical officer on the bench.
- 4.3. The team sheets for all fixtures shall be presented to the technical official before the start of each game.
- 4.4. If no technical table is present, the captains shall present the team sheets of their teams for scrutiny by their opponents immediately before or within fifteen minutes after the match and at the request of:
 - 4.4.1. Either umpire;
 - 4.4.2. The captain of either team;
 - 4.4.3. Any member of the EGHA Executive or person authorised by them; or
 - 4.4.4. Any office bearer of the home club.
 - 4.4.5. Any failure to comply with such request will result in the assumption that the player(s) so approached are not registered.
- 4.5. Any player without an membership card, identity document or driver's license card, that cannot identify themselves and appear on the registration sheet for that particular team will be considered unregistered and may not take the field:

- 4.5.1. All teams from all leagues will complete a result sheet before the start of each game. All teams will hand in completed team sheets to the technical table before the start of each game;
- 4.5.2. All teams/will record their teams, results, disciplinary cards given, goal-scorers and any comments and email all the documentation to admin@egha.co.za in the absence of a technical official being on duty;
- 4.5.3. Any member of the EGHA Executive or person authorised by them; or
- 4.5.4. If there is any time delay by any team in submitting their match sheets to the technical table after the scheduled start of the game, the time lost will be deducted from the playing time.
- 4.5.5. All umpires are required to be registered and will produce their registration card at each game or as requested by the captains of each team.
- 4.5.6. Points will be deducted for the late submission of match sheets – the number of points deducted will be determined by the EXCO.
- 4.6. The points allocation for all matches will be as follows:
 - 4.6.1. Three for a win;
 - 4.6.2. One for a draw;
 - 4.6.3. Nil for a loss;
- 4.7. The duration of matches will be as per the relevant FIH rules, unless the local competition rules dictate otherwise (Refer also to 4.5.4)
- 4.8. Should any match be one of several being played on any one ground, the earlier matches scheduled must be curtailed in order to finish at the time at which the next game is due to start.
- 4.9. In the event of a match having to be curtailed for any reason, if more than 20 minutes of the second half has been played, the game shall be deemed to have been completed. If it is abandoned earlier than this, the game will have to be replayed, unless both captains agree to allow the result to stand as it was at the point of abandonment.
- 4.10. In the event of weather conditions rendering the field unplayable and preventing the start or completion of or at least 20 minutes of the second half of a match, it shall be postponed and played not later than two weeks after the scheduled date, unless both captains agree to allow the result to stand as it was at the point of abandonment.
- 4.11. The umpires and grounds-man in consultation with the captains shall have the power to decide as to the fitness of the ground in all matches. In the event of a dispute, the decision of the umpires shall be final on the day and the matter may be referred to the EXCO for a ruling on appeal within 48 hours.
- 4.12. In the event of any team not being ready to commence a match within 15 minutes of the time set down, the opposing team may refuse to play the match and will be required to fill in a result sheet claiming the points (5-0 w/o) for the match.
- 4.13. Any team not able to field at least eight players (outdoor) and four players (indoor) at the scheduled start time will forfeit the match (5-0 w/o). A result card must still be submitted showing the result.
- 4.14. No team may play with fewer than eight players (outdoor) or four players (indoor). Any team, reduced to fewer than eight players (outdoor) and four (indoor) through the disciplinary action of the umpires or technical officials, will forfeit the match and their

opponents will win 5-0 or the actual score at the time of abandonment, if the goal difference is higher. If both teams are reduced to fewer than the minimum number of players, the match will be abandoned and referred to the DC for a hearing. The EXCO will also rule on the result of the match.

NB: No match can be played as a “friendly”. If any side is unhappy with the composition of a team (loading), the game must firstly be played as an official match and only thereafter can an official objection be lodged, in writing, to the office within 48 hours. The EXCO will then make a ruling.

- 4.15. EGHA will be responsible for the technical table and ensuring that the match sheets and discipline card report are sent to the office of the Association by no later than 12 noon on the Monday after the match or within 48 hours, whichever occurs sooner. In the absence of technical officials, it will be the responsibility of each club separately to submit the required documentation.
- 4.16. Clubs forced to scratch a match must notify their opponents, the umpires, technical officials and the Association at least 72 hours prior to the scheduled start of the match.
- 4.17. In the event of a team having properly cancelled a match with valid reasons, the opposition will be awarded points for a win together with a 5-0 goal credit, unless the two teams are from the same club. In this event, the score will be 1-0. No points will be deducted from the team not playing.
- 4.18. Any team from any club that fails to fulfil a fixture may be subject to further disciplinary action and the EXCO will be the sole arbiter of whether the reasons for a cancellation are valid. In the event of any team being in breach of this clause, the opposition will be awarded the points for a win together with a 5-0 goal credit, and 3 field hockey points. The offending team will have three points deducted from that particular team for a first offence and may be subject to further disciplinary action, including a monetary penalty to compensate the officials for any costs they may have incurred. Any subsequent breach will be referred to the EXCO. Any team refusing to travel to any outlying clubs will also be subject to a three point’s deduction or a monetary fine as decided upon by the DC. It could also result in the club not gaining promotion.
- 4.19. Any team defaulting a fixture will be referred to the EXCO who will investigate the offence and take such action as deemed appropriate, including, but not limited to expulsion, suspension and/or a monetary fine.
- 4.20. Any team, of any club that voluntarily forfeits a game without a valid reason and/or withdraws for no reason whatsoever and/or does not arrive at the stipulated venue without notifying the opposition or the officials, will be subject to penalties as decided by the EXCO. The same penalties as stated in rule 4.18 will also apply. The EXCO will also double the points deducted to six and then to nine and continuously increase the penalty points by three for every occurrence thereafter. If any team of a club continues with this practice the EXCO has the power to withdraw the team from the field hockey and/or suspend the team for 12 months.
- 4.21. Appointment of umpires:
 - 4.21.1. In the event of officially allocated umpires not being present at the start of a match, each team will provide an umpire. If only one umpire is present, each team will provide an umpire for each half of the match. They shall toss for choice of halves.

- 4.21.2. In the event of umpires not being allocated by the Association:
 - 4.21.2.1. Each team will be obliged to supply its own suitably qualified umpire.
 - 4.21.2.2. Failure to comply will result in the offending team being obliged to take a player(s) off the field to fulfil the umpiring duty.
 - 4.21.2.3. Should the offending team fail to fulfil their umpiring duty in this manner, the EXCO may impose a penalty not exceeding three points and/or fine for each breach.
 - 4.21.2.4. All clubs must have a registered umpire or a suitably qualified umpire per side entered in the field hockey.
 - 4.21.2.5. All clubs are required to have a refresher umpire's course every second year before the season starts or as soon as possible after the field hockey has commenced.
- 4.22. In the event of a team commencing a match with fewer than eleven players, such player(s) as are required to fill the team shall be allowed to join their team at any time during the match, provided they were listed on the team sheet prior to the commencement of the match.
- 4.23. While the Rules of Hockey permit teams to play with 11 field players only, the Association will not take any responsibility for injury of any player electing to fill a goal-keeping position without full protective clothing and kit.
- 4.24. Only regulation balls, to be supplied by the home team (or team named first on the fixture list), shall be used in field hockey matches.

with the same powers as technical officials. They may award yellow or red cards during or after matches attended by them and/or submit reports to the DC recommending further disciplinary action for breaches of the Field hockey Rules, FIH Code of Conduct and/or the Rules of Hockey. The EXCO will also appoint citing officers for each selection game and they will report any incidents to the DC where they feel disciplinary action should be taken.

- 9.5. Any suspension or other censure incurred in domestic field hockey games will not affect selection for provincial representation, except where specifically directed by the DC.
- 9.6. Cards awarded in one season will not accumulate into the next season; however, any portion of disciplinary action not served will carry forward into the next season until completed.
- 9.7. Discipline points earned in the Indoor season will not carry forward to the Outdoor season, but any player suspended during Indoor will continue to serve the portion not served of that sentence during the Outdoor season. Outdoor sentences will apply to all competitions conducted under the auspices of the Association and may be carried forward to Indoor, summer league and any other competition.
- 9.8. Any affiliated club or individual who is a member of a club, or official appointed by the Association into any office, umpire, manager or coach that contravenes any field hockey rules, bye laws, Code of Conduct or brings the game into disrepute may be requested to appear before the DC.
- 9.9. Disciplinary procedures for on field offences:
 - 9.9.1. Where there is no technical table, clubs must record on the result cards, all green, yellow and red cards issued during the game giving the reasons for the issue. Where there is a technical table and a disciplinary match sheet is completed, it is sufficient that the umpires record the reasons for temporary suspensions on the match sheet. Officially appointed technical officials are empowered to take any appropriate disciplinary action during matches.
 - 9.9.2. Clubs may be notified of the number of green, yellow and red cards recorded against each player upon the award of any new suspension and the punishment, if any, for the accumulation of such suspensions. Clubs remain responsible for monitoring of the cumulative suspensions of their own players and the imposition of the prescribed automatic penalties. Failure to report players disciplined or to suspend a player as required will lead to further disciplinary action against both the player and the club concerned.
 - 9.9.3. Players may appeal temporary suspensions based only on allegations of mistaken identity.
 - 9.9.4. A player sent off (red card) may appeal based on a claim of wrongful dismissal or any other reason. The fully motivated appeal with all the appropriate supporting evidence and statements must be submitted in writing within 48 hours of the completion of the match (Sundays excluded). Where the DC reviews the case and elects to extend the period of suspension, the affected player has 48 hours from the time his/her club is notified of the decision of the DC. The DC will refer the matter to the match official, who may concede the player should not have been sent off and may reduce the punishment to a temporary suspension or expunge it completely. If the match official stands by the decision the DC may confirm the decision or call for a hearing.

9.10. Punishments:

9.10.1. All offences that result in either a temporary or permanent suspension from a game will carry a designated number of discipline points.

9.10.2. Any player receiving eight green cards will be suspended for one game. If a player receives another five greens thereafter the player will be suspended for two games. NB: Any player receiving a green card will be suspended for two minutes and must leave the field immediately.

9.10.3. Any player receiving a yellow card for dissent to an umpire or abusing an umpire will be sent off for a minimum of 5 minutes and should a second yellow card be received they will automatically suspended for the following match.

NB: Any player receiving a yellow card may be suspended for a maximum 10 minutes and must leave the field immediately.

Please note that the green card suspension of five (5) minutes and the yellow card Suspension of ten (10) minutes is an internal decision and only applies to the EGHA field hockey s and not schools or any tournaments.

9.10.4. Any player receiving a second yellow card will serve a one-match suspension, even if a one-match suspension envisaged above has already been served. If both offences we awarded for dissent or abuse, the penalties will be cumulative. In other words a one match suspension will be served in terms of 9.10.2 and another in terms of this clause.

9.10.5. A player who has served a suspension for two yellows who then goes on to record a further two will then serve a two-match suspension in addition to any other penalty automatically imposed and the player will also attend a hearing convening the DC.

9.10.6. And so on for a third offence - a three-match suspension and appearance before the DC.

9.10.7. Any period of suspension commences on immediately after the last recorded offence and applies for field hockey matches played by the team in which the last card was issued.

9.10.8. Any player receiving a red card, having been sent off for two yellow cards in the same match, unless the second offence was itself serious enough to have justified a red card on its own - one match suspension. In the former case the first yellow card will not earn disciplinary points in addition to the red card. In the latter case, both cards will carry disciplinary points.

9.10.11. If the abuse continues after the red card has been shown or the player does not immediately remove himself entirely from the playing area and its environs, the penalty will be increased to five matches automatically and referred to the DC for further consideration. If any threats are made to an umpire, the player will be suspended indefinitely until the matter has been reviewed by the DC.

- 9.10.12. Players sent off (red card) for a second time in the same season will have one extra match added to the applicable suspension for the second offence.
